To whom it may concern:

I have worked closely with Ric Tuazon during the several years he had worked as service desk analyst under my direct supervision. Ric excelled in this role, exhibiting one of the highest levels of performance I have seen in an SD analyst during my tenure as a team leader for the same organization. Ric produces high volume of work while consistently maintaining high standards for quality and customer service.

Ric is a "can do" guy, this attitude not only getting his tasks done but enables him to engage with other employees with positive energy and a smile. His upbeat personality allows him to interact effectively not only with his teammates but with clients as well.

Proactive in anticipating rising operations issues, he takes initiative to go beyond the expected parameters or scope of his role.

I volunteered to write this recommendation letter for Ric because I am very grateful for his contributions to our organization and very confident that he has the intelligence, work ethic and communications skills to add value wherever he works.

Please feel free to contact me if you have questions about this outstanding gentleman.

Sincerely,

 5/11/22
Fidel Javar Jr.
